# *Our Company*

"Antico Forno" was founded by Giovanni Vendramin in 1949. It is close to San Donà di Piave, nearby Venice.

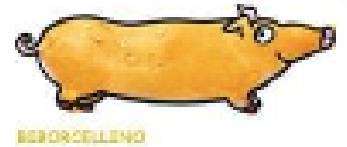

Simplicity and quality represent the core of our products and are guaranteed by raw materials such as the Apulian extra virgin olive oil and the Manitoba flour.

The main secret is our love for the artisan bakery which is handed down from generation to generation.

Our products have been accompanying Italian and foreign families, through a wide range of tastes and pleasures.
